User Enrollment. The following six private providers, one school district and one child care center, were enrolled and trained in July:

- Southpoint Pediatrics
- Ray Andrews, MD
- Planned Parenthood Association of Utah Health Centers: Salt Lake, West Valley, South Jordan and Park City
- Tintic School District
- Sugarbear Academy.

Data and Reports

Rotavirus Vaccine Uptake. The graph below summarizes USIIS data submitted for a CDC study.

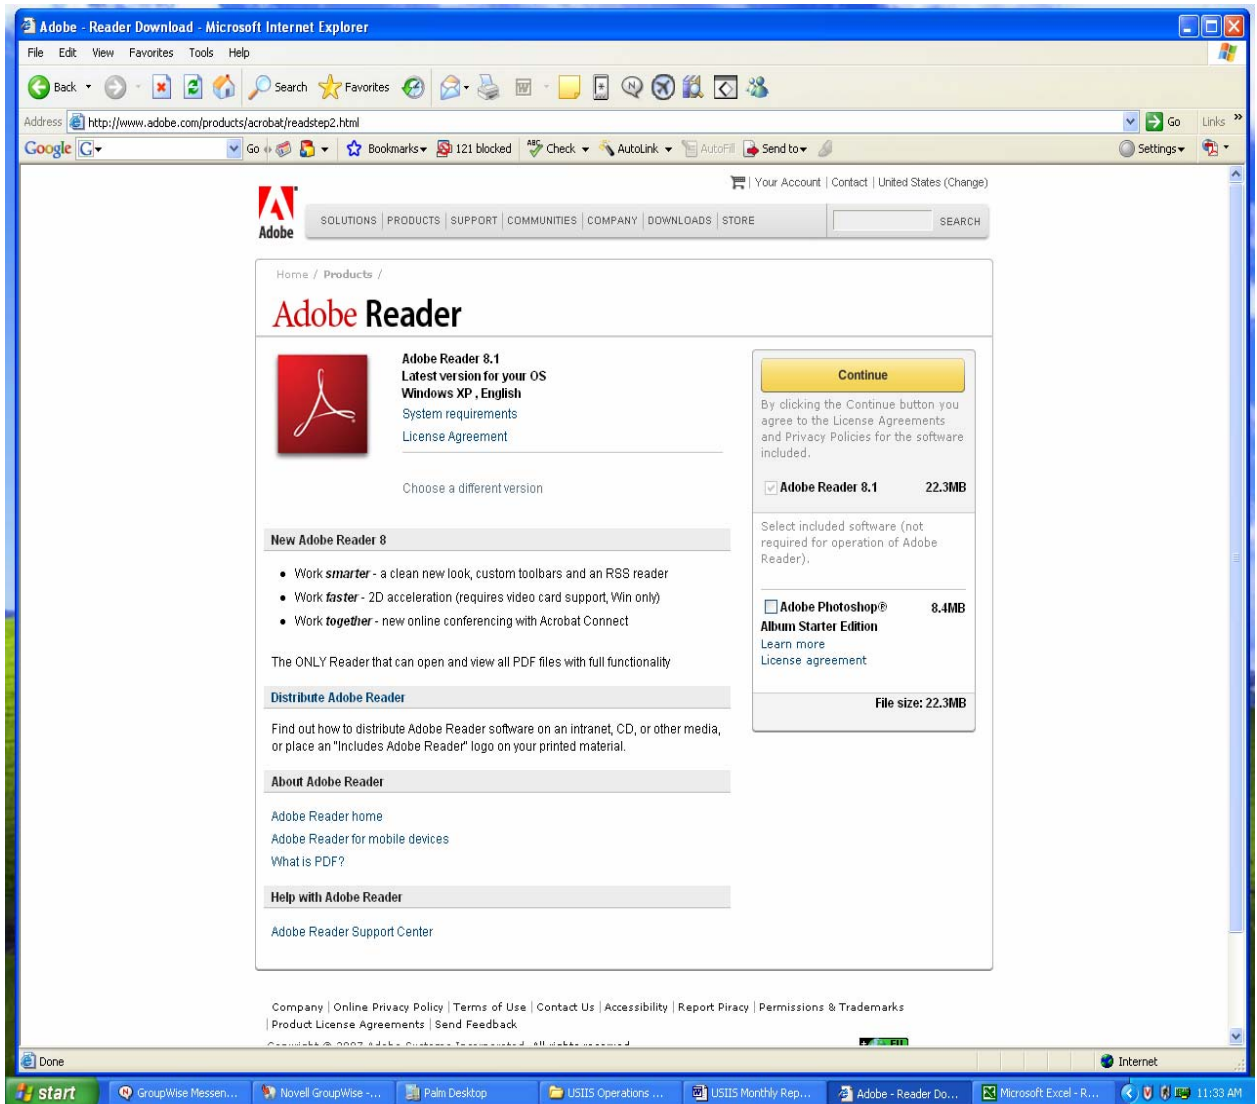

Web Application User Tip: Reports

Having an old version of Adobe Reader® on a system can cause USIIS reports to not run or to display nonsensical characters.

Use the following instructions to install Adobe Reader® version 8.1.

1. Open a Web browser application and enter the Address <http://www.adobe.com>.
2. Click on the **Get Adobe Reader** button in the “Solutions and products” section.
3. The following screen displays:

4. Ensure you download the latest version for the operating system (OS) on your system. Select **Choose a different version** if you need to make a different selection.
5. Beneath the “Continue” button, de-select any other software displayed (e.g., Adobe Photoshop®) and click on the **Continue** button.
6. On the next screen that displays, select **click here to download**.
 - a. Select **Run** when prompted “Do you want to run or save this file?”
 - b. Select **Run** when prompted “Do you want to run this software?”
7. When prompted, select **Install** and **Finish**.

Future USIIS Reports

The USIIS team is evaluating the effectiveness of providing monthly USIIS reports. Subsequent to this July report, it is likely that reports will be distributed on a quarterly basis. To provide feedback related to this change, please contact the USIIS team at the phone number below.

Customer Service Center (24/7): 801-538-3440 and 800-678-3440
