

## Utah Statewide Immunization Information System (USIIS) Monthly Report for October 2005

**Staff Retreat:** USIIS held its annual staff retreat on October 24, 2005. The focus of the retreat was planning and getting results. We worked on accountability, delegation, motivation and relationship enhancing communication. Coaching will continue with future meetings around potential obstacles to success and strategies for overcoming obstacles. **Contact Nancy Paré at 801-538-6871 or [npare@utah.gov](mailto:npare@utah.gov).**

**Data Quality:** CDP has assisted USIIS in obtaining more complete data for Utah County Health Department patients. USIIS immunization rates for Utah County have increased by about 10% as a result. **Contact Sandra Schulthies at 801-538-9452 .**

**AIMS:** The new version of AIMS will have seamless user security integration with WebKIDS . This means that if a user has a user account for WebKIDS, this account can have access roles updated, so that the login to AIMS will be exactly the same as the WebKIDS accounts. Users will be able to change their passwords in WebKIDS and have that same password be reflected in the AIMS program, if they are AIMS users. This allows for less confusion and fewer lost passwords. **Contact Eric Anderson at or 801-538-6164 [elanderson@utah.gov](mailto:elanderson@utah.gov).**

**Enrollment/Training:** There were five new provider offices, three daycare centers, three private schools and five public schools enrolled in October. The provider offices are: Color Country Pediatrics, IHC South Ridge, IHC Salina, IHC Richfield and IHC Bountiful InstaCare. **Contact Janel Jorgenson at 801-538-9991 or [janeljorgenson@utah.gov](mailto:janeljorgenson@utah.gov).**

**WebKIDS User Tip:** If you need to add a new user to WebKIDS and don't know what to do, it is time to get online. In the address bar of your browser, type in [www.usiis.org](http://www.usiis.org). The menu section on the left side goes from top to bottom and includes some colorful buttons. Place your cursor over the menu item labeled "Enrollment Packets." When you do this, a sub-menu will appear. The sub-menu will have some headings. The one needed is "General Enrollment Info." Under this menu heading is the link to download the User Agreement. Print the User Agreement and fill it out. The next step is to get your filled out user agreement to Immunization Program staff. To deliver the agreement, you can fax it to them at (801) 538-9440 or call the Remedy Help Desk at (801) 538-3440. There is a lot of other useful information on the [www.usiis.org](http://www.usiis.org) website, so take a look and possibly download the eEbKIDS users manual. For clarifications on this tip, **contact J.C. Alexander at 801-538-6827 or [jcalexander@utah.gov](mailto:jcalexander@utah.gov).**

**Project Focus:** One of USIIS' highest priority items has been our new data loading process. USIIS staff have been recently focusing on the development of a plan to finish the project. It is a very time –consuming undertaking involving all of the programming staff, so a great deal of planning has been put into implementation. Since the loading process is so very basic to all registry functions, we have very high expectations of the end results. **Contact Chris Pratt at 801-538-9945 or [cpratt@utah.gov](mailto:cpratt@utah.gov).**
